On The Cover - Bill & Marty Cameron's '00 Bowling Green Coupe

Bill and Marty Cameron have lived in Washington all their lives. We have known each other since fourth grade and started dating in High School, graduating from Sammamish High School in Bellevue in 1966. Bill joined the Marine Corps in 1967 and spent a tour of duty in Vietnam in 1968-1969. In fact Marty and I will have been married 38 years this coming October. While I was in the service getting ready to go to Vietnam one of my Squad leaders had a 1965 Corvette Convertible and lent it to me on a three day leave before we were to ship out.

A friend and I went up to L.A. and toured the Sunset Strip and had a great time. Ever since then I have always wanted a Corvette and after going to see the club on their Bowling Green tour the dream came true. I saw two Corvettes in the parking lot of Issaquah Chevrolet: one black and the one you see on the cover. The car was made for a Canadian client so if you ever look at the dash gages the speedometer reads 300mph. but in actuality it is 300 kilometers. This was in June 2003 and in August 2003 Marty and I joined the club. I wanted to get involved in the club so I ran for Club Secretary and won, and since have been re-elected for a second term. We enjoy all the things the club has to offer: car shows, rallies, tours, and especially enjoy the members of the club. Marty and I hope to see you all at the Club functions and hope you all continue to help support the Club.

Parade Report

by Jim McDonnell

(425) 885-2445 Jim@CorvetteMarqueClub.com

What a great time everyone is having who takes the time to joins a parade with CMCS.

After three parades we have had about 39 cars involved. Every event has had wonderful weather and the crowds have enjoyed our cars. In fact, we got positive responses from two possible new members.

The first parade was Bothell. About 15 cars joined in. Weather was really warm, the cars were shined and the crowds were large. We sat for awhile, crawled for a while, and finally, idled through town. The crowds responded when (as NEXTEL's DW says) we "Crank up the Volume" on our engines.

Redmond was the second parade. With 15 cars in the group, the first 9 carried celebrities and the next six just had our own select little group. I should point out that the top dignitaries like King Neptune, the honorary chairman of Seafair, were given C-6 vettes for use over the next couple of weeks. Afterwards, several of us drove to Big Daddy's in Woodinville for lunch.

The last parade was at Vashon Island. Six cars were involved. The kid's parade was on Saturday with floats and so on. Sunday was strictly a cars-only parade. Our C-3's C-4's and C-5's showed brightly in fleet of about 70 wonderfully restored classics. They greeted us with coffee, treats and juices and promised to do better next year. A quick drive around town, a cruise through the center and back to the start was the extent of our travels. A real nice event and we were nicely treated by all. We ogled other cars and we in turn were ogled by others.

In the course of the three events we got to talking about upcoming parades. My executive committee (those who compared notes after the parades) decided that we will not "do" the Kenmore Parade on September 17th. The parade is too small, too short and not a good use of our energies.

But, we have a good number of parades left: Magnolia, Lake City, Shoreline, Greenwood and Issaquah. Sign up early and Sign up often. We will be glad to have you. Already have about 6-10 cars for every parade. Remember we can't take y'all.

(see Parade Schedule on the following page)

Back To School

by Rick Milsow
(CMCS
President)

This past month we conducted our umpteenth School Daze event at Pacific Raceways. The day was a great success marred only by one off track expedition, which caused considerable damage to both the car and the driver's pride.

We had 64 drivers turn out for the event and they brought Corvettes, Porsches, WRXs, Lotus, Camaro, GTO, Mustang, and even a Cadillac (but not your father's Cadillac). If it sounds like a gathering of horsepower and iron (with a lot of composite fiberglass) it was.

Here is a sample of the comments we received:

"All, I just wanted to say thank you very much. I participated in the Corvette Driving event a Pacific Raceway yesterday. I can't remember when I had so much fun.... Driving into turn 3a, hitting the apex then on the gas to 3b, rotating the car to that apex, through 5 and 6, on the gas through 7 to 8, hitting that apex then turn 2. Turn 2 was very cool when I hit it right. I know it was much slower than the fast guys but it was really cool to me. Wow. What a day. Then I'm headed home on I-5, traffic stops and I'm in the same car listening to the radio with the air on, idling smooth as silk. Wow. Thanks for the day". Rick Sturrock

Rick drove down from Blaine to attend School Daze.

During the day drivers had four opportunities to spend about 25 minutes on the 2.25 mile road course with its 10 turns and long half mile straight. We scheduled people in run groups based on their track skills, and placed instructors, when we could, in the passenger seat of beginners who needed some coaching; and when the beginners finished their stint they were able to watch the advanced drivers demonstrate how well these cars perform on the road course.

Shoreline Community College students again assisted us by serving as corner workers and proved to be invaluable through out the day. These students are in the General Motors ASEP program under the guidance of Scott Main and gladly volunteer to work the corners for us. Some have even graduated from the program and keep coming back year after year to help us out. It might be the rides the advanced drivers give them during the lunch hour that keeps them coming back.

Also during the lunch hour, we conducted our very first parade lap. A dozen or so cars participated in this slow, two-lap tour of the road course. Those who went along included people who don't drive in the event, a driver who took his father for a ride in his car, and a visitor (in another Cadillac CTS-V) with his three young boys followed me twice around the road course. I think we'll be seeing that visitor back next

year, ready to drive in the beginner's group.

Sixty four drivers, ten Shoreline students, a whole pack of volunteers, and a number of visitors all had a great time at Pacific Raceways July 13th, 2005. *Rick Milsow.*

Mt. RAINIER

National Park

Paradise

is not just
a Myth...

It's a destination!

----- CRUISE TO PARADISE -----

Please join members of the *Corvette Marque Club of Seattle* on
Sunday September 11, 2005

Annual "All Corvette Cruise" to the historic Paradise Inn at Mt. Rainier for their fabulous Sunday Brunch.

We'll meet at the SeaTac Mall main entrance at **8 am** & caravan to the southern Nisqually entrance to Mt. Rainier National Park (to some that's the Longmire entrance). We should arrive at Paradise about an hour before the brunch. Please be sure to bring a full tank of gas, empty bladders, your club radios if you have them & a \$10 bill.

- **The brunch runs from 11am to 2pm.**
- **Price per person: \$24.95 (Seniors: \$22.50)**
- **Price per car to enter the park: \$10.00.**

The reason for the early start time is due to the parking availability at Paradise Inn. This is a popular Sunday destination and the parking lot fills up.

After the brunch we'll tour the rest of the park with possible stops at Reflection Lake, Box Canyon, etc.

Exiting the park we'll take highway 410 past Crystal Mountain and through the Federation Forest to Enumclaw. We'll take highway 169, bypass Maple Valley, & link up with highway 18 to I-90. We'll wrap things up at the XXX Drive In in Issaquah for burgers & shakes – they'll be expecting us.

If you wish to spend Saturday night at the lodge, call (360) 569-2275 for overnight lodging accommodations at Paradise Inn.

Mark your calendar for this date for a beautiful drive & Sunday Brunch at the Paradise Inn at Mt. Rainier. This is clearly one of the nicest brunches in the Northwest.

Laps From the Past or Marque in Time A CMCS history feature by Ben Benninghoff

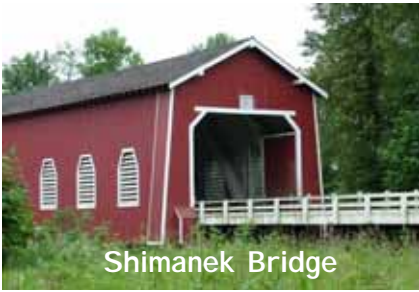

30 LAPS AGO: AUGUST '75. President Sam Sakura manages to herd the gathering towards their required monthly meeting while attending the annual beach party at the home of Bruce & Barbara Kelly. Beth Horracks becomes an associate member while Dave Hosea goes for the full meal deal becoming the newest full time member in good standing. NWACC hosts a Concours with the Rose City Corvette Club. Olympia has their show the following weekend as all local Corvette & Porsche clubs begin gearing up for the big Porsche-Corvette Challenge at Delta Park Raceway in Portland during the Labor Day weekend.

20 LAPS AGO: AUGUST '85. President Mike Shelly gets the meeting started at the monthly gathering after all picnic baskets have been consumed at Ken & Carolyn Martin's home. Blockbuster '85 was a huge success mainly due to the large turn out of supporters that pitched in and helped where needed. Glenn Cunningham is voted into membership bringing the total to 101. Parking Session at SIR went off well.

10 LAPS AGO: AUGUST '95. David & Jeanne Barlia's 1986 roadster is featured on the cover of the newsletter. What makes this particular Corvette special; it was converted from a coupe to a roaster, and quite well done at that. John Thomas, sitting for the absent president, oversees the monthly meeting at Tall Chief Resort. No new members to vote in so the total stands at 154. Cloyd Jackson brings in several examples of a new newsletter cover and formatting with various backgrounds to use while putting club member's Corvettes on the cover. Congratulations to Loren Sawyer and the entire racing team for the Miss Budweiser hydroplane for winning this year's Texaco Seafair Cup. More 'thanks' to Oran & Dee Petersen for their fun day full of events.

5 LAPS AGO: AUGUST 2000. Carl & Sharon Neuswanger's 1978 Silver & Medium Gray Metallic coupe grace the newsletter's cover. President Jan Cockrum presides at the monthly meeting held at Shoreline Community College. Ray Hedzick becomes the club's 222nd member, as Alyshia Main presents honored guest John Cafaro with a certificate naming him an honorary member of CMCS for life. Kayla shows the quilt being auctioned off, and, congratulations to the Miss Budweiser Hydroplane crew for another win. The meeting was followed by a slide presentation from John Cafaro showing the design of the new C5 Corvette. *Ben...more laps to come...*

RAD - Event Report *by Mary Stanfield*

This was REALLY AWESOME!

The Olympic Club in Centralia was a great place to stop for dinner Friday. There was one incident – when two table umbrellas were “married” and a certain member pulled out an entire plant from a pot, just to throw a flower at a past CMCS president. Now really, Marg____!

43 Corvettes headed south from Kelso on Saturday morning. After lunch, with tops down, off, ... or on, we began our drive to the first six covered bridges on this tour. Sunshine, rolling hills, green farmlands, tiny towns, curvy roads, detailed directions, lead to fun driving, frequent stops and photo ops, and lots of camaraderie.

Back in Albany, the **RAD** glasses were out and ready for the liquid refreshment, as The Whacker came to life – many times over. Some went to dinner, while 2 members exercised – Lois, how was that roller skating? After dinner nearby, the “31” games

began. I know of many (myself included) who contributed to the quarter purses of the few.

Sunday morning awards were presented, directions given, and off to more picturesque driving and bridges. (Of these 7, the Larwood Bridge, over the Roaring and Crabtree Creeks and the Stayton/Jordan Bridge were my personal favorites.)

Heading north, to TEBO’s for strawberry shortcake & lunch (in that order of importance), then home in the rain, left us reflecting on this **RAD** event.

Kudos to Kayla and Gary! The planning, pre-driving (2x), and directions – complete with mileage and historical details led to a great time and terrific start of summer. Thank you!!

TO OUR VALUED FELLOW CMCS CORVETTE OWNERS

We appreciate your business!

As many of you know, we have been in the Corvette business for years starting in 1964 and our technicians have nearly 100 years combined Corvette and general automotive experience. We wouldn't have been able to do it without support from CMCS members. We sincerely appreciate this support at our facility in Kirkland since 1981. We have been a sponsor of CMCS for many years and Rick has been a member since 1964.
