Two of the Corvette Marque Club's newest members are John and Lauri Skalski, with their 2008 Atomic Orange L4 Convertible.

John is originally from Stevens Point Wisconsin, with stints in Oregon, Upstate New York, and in Washington including the Tri-Cities, Sequim and for the last 25 years in Seattle. John is a fish and wildlife biometrician and has worked on every species of wildlife

from flying foxes to Polar Bears to fruit flies. Most of his recent work has focused on the recovery of Columbia River salmon.

Lauri is a native of Washington State, and has resided in Grays Harbor, Snohomish and King Counties. She works for a third-party administrator for employee health and welfare benefit plans in Seattle, and is studying for the CEBS (certified employee benefits specialist) designation.

John and Lauri's interests include international travel. Recent trips have included Scotland, France, Argentina and this spring, Italy. Both are interested in sporting clays and each year go on a couples hunt for upland game birds, previous trips have included hunts in Oregon, Idaho, Utah and Cordoba, Argentina, with future plans for Georgia. They have been season ticket holders for the Seattle Opera for the past 12 years and enjoy fine dining, good wines and Champagnes. In 2009, they enjoyed touring the Champagne caves in Reims, France and had the opportunity to learn more about its history and gain an even stronger appreciation for this fine beverage.

John and Lauri reside in Seattle with their four little dogs and of course their 2008 Corvette.

Marque My Words

*by President
Steve
Yabroff*

So what have you been up to in your first month you might ask. Well, I've taken a look at your responses on the renewal forms to learn what you like and don't like. Now keep in mind that not everyone gave us input, but it was instructional just the same.

You like to drive and why not with these great cars--day tours, wine tours, overnights, long distance ones. And parades--if you haven't participated in a parade yet, get in touch with Jim McDonnell--lots of you mentioned this. Then you like Car shows too--People's Choice (don't miss the CMCS All Corvette Car Show on July 9th, and the XXX All Corvette Show on August 14th) and about half as many mentioned judged car shows.

So what was mentioned that you want to see changed?

- Mentions include the Christmas venue (we're working on that and I think we'll have a great one this Christmas).
- Meeting venues are "getting old." That one is harder because finding a venue which can accommodate up to 80 or so, where meals aren't too expensive is really tough. We could use your help on this, so shoot me or Oran an email with your suggestions.
- Also mentioned was the SIS Boat tour is getting long in tooth. Well the SIS Chair(s) for 2012 can address this. I heard some good suggestions I'm waiting to pass on.
- Running out of food at buffets was a downer too.
- Lastly, insider humor at meetings wasn't appreciated. We'll do our best.

Desired improvements mentioned include:

- Getting new members involved. This one has a high priority and it means you longer-term members stepping up to help show our newer members the ropes. We'll be counting on you!
- Also you noted more longer-term members should get active in meetings, activities and leadership. This dovetails with the item above. So if you aren't a new member, how about volunteering to help on events and activities? Event chairs would be delighted to hear from you.

So, it was good to get the feedback. Please keep it coming. Talk to us, email us, whatever it takes tell us how we're doing.

Let me also add my congratulations and thanks to Rick Milsow, our May honoree. He has been a very valuable contributor for many years putting on the Cascade Loop tours and the School Daze. You can see more of Rick's on-going contributions elsewhere in this newsletter.

Lastly, a special thanks to Lee Johnson Chevrolet and Speedway Chevrolet in Monroe, our great club sponsors. I had a chance to enjoy a service experience at Lee Johnson recently, you can read about it elsewhere in this newsletter. Give them your support and business. They really know our Corvettes!

My thanks to you all for your support and help in making CMCS the club we can be proud of.

Now with the warmer weather, let the fun roll on.

Griot's Garage Caffeine & Gasoline Event

by Mark VerMurlen

Mark@CorvetteMarqueClub.com (425) 286-6367

Join fellow car enthusiasts for a morning of car and car care talk at Griot's Garage Caffeine & Gasoline event. Griot's has a wonderful new showroom with a demonstration area and a room with several special cars.

We'll gather at a couple of locations, one on the north and the other on the south side of Seattle and then caravan down to Tacoma. Choose whichever location is closest or most convenient to you.

The caravan will start on the north side at the Brickyard Park & Ride lot just off Exit #22 at the intersection of I405 and NE 160th St. We'll be leaving there at 7:00 am sharp, so arrive a little earlier than that. We'll take I405 south from there.

The south side gathering location will be at the Coulon Memorial Beach Park just off Exit #5 on I405 which is NE Park Dr. The park is just to the west of I405. You should see a small sign pointing to the park.

The cars from the north should arrive there around 7:25 am, so arrive earlier than that.

We'll then drive together south to Griot's Garage store in Tacoma taking I405 to I5 south. Griot's address is 3333 South 38th Street, Tacoma, WA 98409. We expect to arrive there a little after 8:00 am. If you would prefer to just meet us there, you're welcomed to do that.

You can spend as much time as you like at Griot's. Most people will probably leave by 10 am. There isn't any planned lunch, but perhaps something impromptu will happen if there's interest.

Spring Mountain Motorsports Class

by John Thomas

John@CorvetteMarqueClub.com

I plan to take a class at Spring Mountain Motorsports Ranch, Pahump, Nevada, in mid May. I took their 3-day class several years ago and believe that it provides excellent instruction with much practice time. I want to do this again. Several other CMCS members (Tim Cox, Rick Milsow, others) would support my quality judgment. The facility has been significantly upgraded since the year that I attended. I would be pleased to accompany any other CMCS members who would like to tune up their driving skills during a short vacation in May.

CMCS Special Recognition - May 2011

Rick Milsow

Each month the CMCS Board recognizes members for the extra efforts they have made on behalf of the Club.

This month, the Board recognizes **Rick Milsow**, who has been a CMCS member since August, 1996. Rick served as CMCS Club President from 2005 to 2006 and has been the cornerstone of School Daze and the Cascade Loop Tours' since 1999.

Rick and his wife Lauri hosted a stop on a Club Progressive Dinner Tour in 1997 and that was the beginning of a very impressive record of service to CMCS! Rick has organized and planned 8 Cascade Loop tours and 1 Peninsula Loop tour since 1999, missing only some years the when Club held an a conflicting SIS event in September. These overnight tours have been a very popular event in the Club, often attracting 35 plus cars and nearly 70 members. Rick and Lauri have also hosted meetings at their home and have helped with newsletter processing on many occasions.

When it comes to the annual School Daze event, it would be hard to imagine this event without Rick's skills, passion and expertise. Rick has been the primary coordinator of School Daze for the last 10 years since 2001, and 2011 will represent his 11th School Daze event! School Daze is a big event and a huge undertaking that has brought significant revenue to the club as well as given our members the opportunity to drive their Corvettes the way they were designed to be driven. In the eleven years of affiliation with School Daze, Rick has worked tirelessly out front and behind the scenes to ensure a successful event for the Club and a great experience for our members.

All of the members of CMCS owe Rick a huge "THANK YOU" for his contributions to the betterment of the Club. Next time you see Rick, please give him a well deserved congratulations on this special recognition! Wave...

The Membership Tachometer

by Jean Dager

The Club is entering its 48th year. While the membership is down somewhat members are still enjoying interacting with fellow members and participating in activities and events. Membership renewals are slowly coming in and The Club is attracting new members.

Current active membership stands at **200**.

The Board is actively soliciting comments from members to improve The Club experience for all members. If you have suggestions any time during the year share your thoughts with board members directly or through membership. This can be done by an e-mail message to Membership@CorvetteMarqueClub.com or USPS mail to CMCS, Attention Membership, P.O. Box 534, Kirkland, Washington 98083-0534.

The Board needs to hear from members so they can continue, revise or create new events and activities which reflect the interests of members.

Let's all take every opportunity to make it a banner year for all members of CMCS.

John and Lauri Skalski join us with their **2008 Atomic Orange Convertible**

Corvette. They have been watching CMCS activity postings for months trying to get an open date on their schedule to get to know other Corvette enthusiasts.

Editor's Note: John and Lauri's car is the CMCS cover car for this month. See their bio for more information.

Black Hills Corvette Classic

**by Paul Luczyk
July 14-16, 2011**

The Black Hills Classic is an annual event put on by the Sioux Falls Corvette Club. 2011 will mark the 40th year of the classic. The classic has grown from a small event to a 400 car pilgrimage and party in the scenic Black Hills of South Dakota in Spearfish. More information and schedule is at www.blackhillscorvetteclassic.com.

It is 1100 miles on I-90 from Seattle to Spearfish. If you have never seen Mt. Rushmore up close this may be a good time. If we get a group I would be willing to lead a 2 day caravan.

Wet Weekend Moose Migrates South

by Oran Petersen

Most of you probably know by now that Dee & I were not able to attend Wet Weekend as planned as Dee broke both bones in her lower left leg.

About 2 weeks ago I made a visit to our living room, which we do not visit very often, and there on the top shelf of our curio cabinet, positioned between a P40 and the Spirit of St Louis was the infamous Wet Weekend Moose and accompanying Hard Luck trophy.

Somehow this moose, with the trophy, migrated south to Renton, broke through our security system and climbed up the side of the cabinet.

Since he went to all that trouble to get here I suppose he can stay, but only until WW 2012, when his welcome will expire. So in 2012, you all keep watch. This guy is sneaky! You never know where he will show up.

Editor's Note: The moose and trophy are usually awarded during Wet Weekend to the sole or couple that suffered the worst luck on the event. Usually a simple car problem, keys locked in a car, or something similar will get you "the moose". This year he visited a couple that did not even get to start the event.

Vettes for Vets - Charity by Marty Cameron

Saturday June 4th, 2011

Vette Rides for Veterans #1 for 2011 hosted by Glass Odyssey Corvette Club. A chance to "give back" to the veterans who have served our country. Our CMCS group will hook up with members of the Glass Odyssey Corvette Club for lunch at a restaurant in Port Orchard then caravan to the Veterans Home in Retsil. After a short car show display for the vets in front of their Home we'll give those veterans, who want to and

are able, 10-15 minute rides over a pre-selected route in our Vettes. This event has been very popular with the veterans in prior years. We need all the Vettes we can get to accommodate them this year.

I would like to FILL the Corvettes with books, magazines, CDs, movies, wire hangars, gift cards, stationary, stamps, microwaveable snacks, and mens and womens clothing. Any size. There are many items that the veterans could use for personnel hygiene also. No bedding, but I will take lap blankets (3'X4') for the veterans to use with wheelchairs.

I will take delivery of any items prior to the event if you can't make this *Vettes for Vets*. Marty@CorvetteMarqueClub.com

I Like Cake on the Fourth of July

CMCS Picnic, Perrigo Park Redmond, 4 July 2011

Last Year It was a Pie contest. This YEAR IT WILL BE CAKE. Make it and bake it and bring it to the PICNIC. Rules will be pretty much like last year. Also like last year we will have engraved spatulas, same series, but different design.

Awards

Best Looking

Best Frosting

Best Cake Mix

Best Overall Cake

Rules and Guidelines

Cakes will be placed in the middle of a designated table when you arrive. Once we are ready to begin the contest we will unwrap the Cakes. Winner of Best Looking Cake will be selected first; this is a visual contest, selecting the best looking Cake. Then one slice from each will be placed next to the Cake, judges will taste from this slice, additional slices will be made if needed. Next will be Best Frosting, judges will determine which Frosting they prefer. Then Best Cake Mix, judges will then determine the mix of their choice. As winners are selected the Cakes will be flagged, a Cake can receive more than one award. Last and not least they will choose the Cake that they determine is the Best Overall Cake. A Cake does not need to be flagged in another category to be named Best Cake but can be. There are no other rules or guidelines, none. Three Judges will be selected at the Picnic and the only rule to become a judge is that they not have any Cake in the contest, their partner or spouses not have any Cake in the contest, and that they do not look at any plate bottom. The host will announce the winners and the President will award the prizes. As the winners are announced they will line up for a slice of their choosing. All others to follow.

Prizes

Will be similar to last years

***Engraved Oneida Stainless Steel
Pastry Servers***

Contestants please consider picnic conditions when you select your entry, there will be many people milling about, there may be high heat with no refrigeration, there may be high humidity and bugs. Cakes may sit for a

while before the contest begins. We cannot control the weather. Please box or wrap your Cake if needed and it will remain this way until the contest begins. Judges will unbox or unwrap the Cake so they have no idea who owns what Cake. Do not put your name on the box or wrappings. Please ensure the bottom of the plate is marked with your name prior to arrival. This serves two purposes; it allows us to pick winners and ensures you get your plate back. Above all have fun it is our country's 235th birthday!

Parades
by Jim McDonnell
(425) 753-6658
Jim@CorvetteMarqueClub.com

What a great parade we had at La Conner! Four different car clubs came up with a total 44 Corvettes. Each Club had a chance to offer their next club events as we gathered for the pre-parade briefing. There were a lot of folks happy to be there. We had a great day in La Conner. For the fourth or fifth year in a row, no rain. Some of us got there early enough to walk around town, have lunch at the Calico Cupboard and do window shopping. Others came later and went to Tulip town to see local tulip growth. Next year we will start a little later, but still, the 12 Corvettes from our club enjoyed the day. The Tulip parade folk must have enjoyed us too. This week I received in the mail a huge Blue Ribbon as Grand Marshall Award. And to think, some of us were worried we had overdone our welcome.

I am hoping for a great turnout at the Bothell 4th of July Parade. For this parade all Corvettes are welcomed- hardtop, coupes and Convertibles. This is a parade where they want you to dress up your car. American flags, ribbons, whatever else you can find to celebrate the 4th of July. See you there.

July 4th - Monday - Bothell 4th of July Parade

We gather about 9:00-9:30 in the morning at the Country Inn Suites Hotel in Bothell. I-405 Exit 24, east on NE 195th St, RIGHT at the traffic light. The Inn is on your right. Parade is at 1 pm. It gets very crowded after 10 am at the University of Washington Bothell campus where we prep our cars for the parade. Bothell loves to see decorated cars with flags and other Independence Day glitter. All Corvettes are welcome: hardtops, coupes and convertibles. An appreciative crowd watches this medium-length parade through downtown Bothell. After the parade we caravan to the CMCS General Meeting and picnic at Perrigo Park in Redmond.

(Continued on next page)

(Continued from previous page)

July 30th - Saturday - Seattle Seafair Torchlight Parade

Convertibles only, by arrangement through Jim McDonnell. Last year we provided 30 Corvettes carrying dignitaries and Seafair Princesses. We expect about the same this year. I will accept volunteers for this parade after April 1st.

This parade has over 200,000 excited Seattle residents watching either in person or on television.

The parade route is from the Space Needle to Qwest field, down 4th Avenue. Prior to the event we have lunch at Maggie's Bluff and determine the sequence of our Corvettes.

Note: Seafair has contacted us and is looking forward to our participation in many Seafair parades. The exact number needed for each of the seven or eight parades is unknown at this time. But I will continue to pursue their need and I am sure our members will support our Club and Seattle Seafair.

As for all parades, please let me know that you plan to participate.

These events let us show our pride in our Corvettes: spiffy, with flags waving. What a beautiful sight! Get in touch with me soon.

Bring flags and club radios for all parades.

Radios are essential when traveling in a caravan.

Flags are always a nice touch to show our love of country.

Go to www.Flagcaddie.com to get American flags for your car.

All Member E-mails

by Kayla Main

Have you wondered how to get an “all-member email” out to the club? These are great for impromptu tours and last minute info or reminders. Here are a few bits of information that may be helpful.

- It should be brief.
- Subject should be relative to the club.
- It should be time sensitive. In other words, something that can't wait until the next newsletter to be published. Or there may be the need for a long lead time.
- It should include the date, time and place or the what-when-where and, most importantly, who to contact or a hyperlink.

There are some limitations in our system. Your message needs to be in plain text. The all-member email system does not currently support different fonts, formats, charts, graphs, pictures or attachments. Plain, simple text only. Once you have written your “news flash” or teaser, send it to: Communications@CorvetteMarqueClub.com. If it meets the above parameters it will go out at the next opportunity.

The “all-member email” system can be a valuable tool for getting the word out quickly IF we use it but don't abuse it. We don't want to over-use it to the point that members don't even read them.

40 LAPS AGO: May '71. The monthly meeting takes place at the Golden Tides Restaurant. The Treasurer reported the club made a three-figure profit from our Autocross. The ski weekend outing to Alpenta went very well. The WWSCC events for May took place at the Kalona Hill Climb. Eight new members joined the club's membership; Roger & Karen Orth, Roger Ellington, Ollie Stewart, Dick & Sue Stanley, Larry Norton Jr., and, Bill Doner, bringing the total to 68. Our new representative at Westlake Chevrolet is Bob Champine. The club sold tickets for the L&M Grand Prix that was held on May 23rd. Frank gave a talk of what happened at the meeting of representatives of clubs from Oregon, Washington and Canada on the formation of NWACC. The final meeting before a decision is made will be in Spokane in July. Westlake has been told what our club is doing and GM is no longer sponsoring WSCC.

30 LAPS AGO: May '81. President Ernie Kahler gets the monthly meeting started at the Hungry Turtle. He introduced guest speaker Ron Carr from Fiberlay who gave an interesting lesson on how to work with fiberglass. After a short break the meeting finally began at 10:45 P.M. Marlo Krein is to be commended for her stamina in endurance waiting on those in attendance to get around to consider her application to join the club, which they finally did, to bring the total number to 70. The bowling outing was well attended, and Ed commented on the "wet" Kenmore parade. There was a parking session at SIR, and the All Night Strut., was canceled due to lack of interest. Bruce reported on the Drag/Swap Meet troubles he has had with the Gambling Commissioner regarding the Corvette raffle. We need an IRS exemption form. There was a discussion as to whether to drop the raffle but was tabled for another time. Bruce also checked with the Parking Sessions, and CMCS will be in charge for all three days. Jay & Jan Cockrum are selling t-shirts for the swap meet. Ernie apologized for the lateness of the evening. Apparently several assured they would attend the meeting but never showed up. The Nelson's organize a work-weekend at Fort Flagler; participating members will receive \$2.25 per person per night for their efforts. A Dinner Show at the Seattle Music Hall (formally the Mayflower/ Fox in 1929-'34) was arraigned by Jan Cockrum. Corvettes de Olympia hosts the first NWACC event of the year in Olympia.

20 LAPS AGO: May '91. President John Bell presides over the monthly meeting held at the Micus' residence in Sequim for an outstanding dinner, following a 10-year CMCS participation in the local 96th annual Irrigation Festival Parade. Membership reported 93 members with no new applications pending. Brian Greer took a new job elsewhere's and has moved on. John Paul Nelson III noted plans are in action for next month's 50's Tour to begin at the Golden Gardens, tour around Alki Beach and end at the Juna Park Café; apparently we have the place entirely to ourselves so let's look for maximum participation. Len Hodges and Dick Myers at Lee Johnson Chevrolet are

looking for CMCS members with convertibles to drive dignitaries in the Seattle Parade for the Troops on June 22nd; John Paul is the contact organizer. Under the heading of "Announcements" in the newsletters is this special message noting: "Lost and Found; At the Lazaroff's on the night of the Progressive Dinner Meeting, a pinkish-brown (Dusty rose) slotted plastic spatula." - not sure if that means found or lost or by whom, but really, does anyone care to lay claim to owning such a hideously spotted-color thing?-Ben

10 LAPS AGO: May '01. Wayne Kanaby's 1966 Yellow Convertible 327-300 4-speed is featured on the newsletter cover. The membership is called to order by President Jan Cockrum at the Original Oyster House in Discovery Bay, following our club's annual participation in the Sequim Irrigation Festival Parade. Attendance included 59 members with 5 guests. Thanks go to Jim & Linda Micus for arranging the gathering place. The participation was so large the tour had to be divided into 3 separate caravans for the 35 Corvettes to make the excursion. The following were voted into membership; Jeff & Penny Evans, Gene & ail Haubrich, Art Winn & Pam Ducolon, and, Doug & Marlene Houser, 8 in all bringing the total membership to 255. Adopt-A-Highway is looking for a new chairperson. Jane Shimanek is collecting unused cell phones for her battered women's project. Club sponsor Western Corvette Supply hosts their annual Shoe-n-Shine at the Edmonds Community College. The CMCS Ladies get together to share a cookies & tea for their Mad Hatter's Tea Party at the Shimanek's. Newsletter articles by Jane Shimanek notes she is involved with a community outreach activity called Call to Protect Program that collects unused cell phones to donate to domestic violence victims; Jane will take any donations the membership may bring to a club meeting. Another newsletter article notes disturbingly that the President's Trophy has come up missing. Now what ever did that trophy go. Guess we'll have to look into this (sure sounds awfully familiar ... humm-Ben).

5 LAPS AGO: May '06. Ken & Jean Fiorentino's 2001 Torch Red LS1 'with-wings' Coup beauty is featured on the newsletter cover. Following a tasty lunch at Chengdu Chinese Buffet in Bellevue, President Gary Main calls the monthly meeting to order. New members voted into membership were; Craig & Diane Rhodes, Mike & Bonnie Roylance, Dean Kentala, and, Chris & Leslie vonRavensberg, for a total of 282. The All Corvette Show at the Waterfront Festival in Anacortes was well attended by the club. Al Dager went over the summer time club activities and Jim McDonnell did the same for parades. Tim Cox reminded us that NWACC is a club of clubs, and we need to become more active and promote their activities. Kevin & Judy Jewell reminded us that SIS2006 is in September and are looking for 'basket makers' for raffle prizes. Gary reported that the e-mail notification list has been fixed, see Gary if you are not receiving club information. Jim McDonnell reported that he is gathering up club trophy's to put in the display case at Seaview Chevrolet. Gene Kinunnen recently visited the National Corvette Museum and received price sheets for after-market C6 items. Gene drove 6,800 miles and traveled through 28 states during his driving adventure. The major activities involved this mother were the Vette Fest in Boise, the Anacortes Waterfront Festival

All-Corvette Show by the Majestic Glass Corvette Club, the 35th Annual Big Sky Corvette Meet in Bozeman Montana, and the Run to Little Creek Car Tour & Rally ABFM from Tacoma, Mt. St. Helens, and to the Little Creek Casino. CMCS generates another semi-annual Membership Directory.

More Laps to Come

“Tour” Radios Available Through CMCS

The “business” UHF radios that the Club uses to coordinate tours are available for purchase from CMCS. This is a Club courtesy/benefit to make it easier for you to join in the communications during the Club caravans and tours.

They are passed to you directly at CMCS cost, which is a significant discount from retail. The “standard model” we stock is the **Motorola RDU2080d**, a 2-watt 8-channel unit that has a Club cost of **\$209**.

We also set them up for CMCS operations by charging the batteries and programming

Frequency **467.9000 Mhz** &
Interference Frequency **179.9 Hz**.

These are UHF frequency radios.
“Family” VHF radios will not work.

You may purchase these radios at CMCS General Meetings or by contacting the Club “radio man” Stan Trask:

Stan@CorvetteMarqueClub.com.

NOTE: These are commercial/professional quality units, not toys.

You may also choose a different brand or model.

Be sure that your purchase is UHF, not VHF. We suggest a 2-watt unit. One-watt units are a little weak, and more than 2-watts requires a FCC license and are usually more expensive. Make sure that your unit can be programmed for the frequency and interference frequency listed above.
