## **Marque My Words**

*by President  
Steve  
Yabroff*

This is my last column as your Club President. It has been my honor and pleasure to serve you, and I look forward to contributing again in future. As our recent exiting Presidents have noted, boy did this year go by quickly. On the one-hand, there was the challenge to get up-to-speed on the many issues facing the Club, and on the other hand, there was the help of so many who smoothed the transition as I started down this road.

Al Dager has been a great resource and offering guidance and suggestions along the way. Gary Main who helped me understand how so much of the "back office" works so I could be part of the solution(s) rather than an obstruction. And of course, our Board. They have continued to make huge contributions in ensuring the smooth functioning of the Club. Funds have been set aside to ensure that for those events requiring significant up-front funding, like SIS and School Daze, there are the needed up front funds. CMCS continues to be on a good firm financial footing. Stan Task has been a confidant and advisor and a big help to me; he will be an excellent President. Oran's tenure as Events Chair (and 2 year BoD member) has been smooth as silk; I guess when you're really good, it just looks easy. And one of the essential Club functions, that of Secretary, has been handled in a most assiduous way. My thanks to all the Board.

And of course, the Committee Chairs have been a pleasure to work with and have quietly gone about making things happen there too. Thank you all for your support and on-going contributions; you all are terrific!

In looking back there have been a variety of excellent events...the parades, the July 4th picnic, School Daze, car shows like the Lee Johnson and XXX shows, the various tours--Oregon Caves and President's Mystery Tour, and the Thanksgiving Auction (thank you all for your generosity), the Christmas bash, and the Wet Weekend. These and many more help make CMCS a fun club. But really, it is you, the members who make CMCS what it is. And having the opportunity to meet and visit with you has been very special for me; I look forward to continuing to do that.

I also want to note that this quarter's Special Recognition Honoree has been a regular contributor and critical partner in CMCS. She graciously pitches in and over this last twelve months has been a life saver. So it is my pleasure to see Jean Dager honored as this quarter's Special Honoree. My congratulations and thanks to you, Jean. And everyone, please offer her your congratulations and thanks for her support of CMCS!

Our sponsors, Lee Johnson and Speedway Chevrolet have also been wonderful to work with. Tod & Brett Johnson, and Joe Harvey have been very supportive of CMCS. By the way, I see that my tires are wearing the inner edges (due to my having the alignment set very aggressively for last year's School Daze). Time to go back to Lee Johnson for a reset so the tires wear a bit better. They have the latest equipment and do an excellent job. Please remember when you need to have your Corvette serviced, patronize them and thank them for their support. And don't forget to ask for your CMCS discount too!

Lastly, I look forward to visiting with each of you. When you are at a CMCS event, please come chat. I am always ready to visit with you about Corvettes, the Club and what's happening in your world. Thank you again for this year's opportunity to serve to you.

Be safe, and Save the wave!

## *CMCS Special Recognition - 1st Quarter 2012 Jean Dager*

This quarter, the Board recognizes Jean Dager. Al & Jean have been members since 2003. So what has Jean been doing? Well, she served as the CMCS Secretary in 2008-2009, and went on from there to be the Membership Chair in 2010-2011.

But here's the kicker. When Steve started his presidency last year, he found he needed someone to temporarily fill in as the Membership Chair. Jean cheerfully volunteered to help out until he found a replacement. And although Steve looked high and low, he couldn't find a replacement.

So, Jean said that although she hadn't planned to be the Membership Chair a second year, she would gladly help out. She has worked with the group which revamped the computer systems to improve the membership portions, and each month gathered information about the new potential members and done the introductions. As Membership Chair, Jean is normally the initial point of contact with a new member and the way she interacts with them makes a huge initial impression, and this she has done splendidly.

But you will never hear Jean blowing her horn. She just quietly goes about her work in support of CMCS and is ready to help wherever there is a need. Her gentle graciousness is always there, whether she is working with other CMCS member or potential new members. It is members like Jean who make this club so special.

## Seattle In September 2012

By Terry and Karen Myers

[SIS@CorvetteMarqueClub.com](mailto:SIS@CorvetteMarqueClub.com)

Details are coming together very nicely for **SIS 2012** thanks to the efforts of our hard working committee members.

We now have the **SIS flyer and Registration Form** on our CMCS Web Site. See the following page for a link and to view a reduced version of the flyer.

The flyer includes hotel registration information and event activities for each of the three days.

The Registration Form shows the event fee of \$139 per person, a great deal for all you get. Gone are the school buses for the Saturday Night Dinner, we have upgraded to tour buses. If you choose to forego dinner we have reduced the event fee to \$79 per person, but the extra money for cruise, dinner and a show at Tillicum Village is a great deal. We also have some very nice shirts this year that are a great value.

For those of you who are willing to help out with baskets Karen has put together some ideas that we hope you will find helpful. We are looking for 15-20 high quality baskets. We will also need individual raffle prizes. Anyone who would like to help please contact Karen.

Events like this only happen with months of careful planning and the expertise and help from people like you, our fellow club members. If you have helped in the planning of SIS in the past, we would welcome your expertise again in 2012. If not, we would appreciate your involvement in this terrific event where you will meet many of your fellow club members in the process. If you would like to volunteer (whatever amount of time or skill you can lend), please contact Terry or Karen at [SIS@CorvetteMarqueClub.com](mailto:SIS@CorvetteMarqueClub.com).

## 2012 Autocross Schedule

by Kevin Jewell

[Kevin@CorvetteMarqueClub.com](mailto:Kevin@CorvetteMarqueClub.com)

The 2012 autocross schedule is below. If you have thought about participating in autocross, but have been hesitant because you have questions, just ask Tim Cox, Terry Myers, Wes Holmes or Kevin Jewell.

We are all regular autocross participants. There are many more in the club that come out occasionally for the fun. NWACC (Northwest Association of Corvette Clubs) is the overall organization that coordinates local autocross and compiles year end points. NWACC also sponsors most of the local autocrosses.

Date	Sponsor	Location
May 20	NWACC	Shelton
June 17	NWACC	Shelton
July 15	NWACC	Shelton
July 29	Rose City Classic	PIR-Portland
Aug 12	Classical Glass 5 Star	Shelton
Sept 16	NWACC	Shelton

Last year Columbia River sponsored an autocross with their Bow Tie Bash, but they don't have a location this year.

The CMCS group normally leaves the Kirkland area early on Sunday morning, picking up people as we head south. We then meet other participants for breakfast at a Denny's in Shelton before heading to the track.

**Autocross Participants:** We will be holding another annual tech session this spring, as soon as the stickers are printed. Expected in early to mid March. Kevin will let you know as soon as they are available. Please pass on this message to anyone that I missed. Our goal is to have everyone that comes to most events participate in this annual tech session to save time during the event.

George also told the NWACC group that there will be work assignment sign-up sheets at the registration table. There have been complaints about some not following the "Work to Run" philosophy.

## Zero to 30 feet in 4 Seconds

*by Oran Petersen*

Valve cover racing has been an activity for CMCS for over ten years now. Like many other good events and activities, Gary Main initiated the races by building a track and setting up rules. The first race was at the 2001 4th of July picnic held at Maltby Park. All SIS events except the first in 2000 have held races on Friday evening. We have also set up the track at selected shows, and just finished the 4th annual race in

conjunction with the Next Generation portion of the Corvette and High Performance Swap Meet at the Puyallup Fairgrounds.

Knowing that we needed more than a human eyeball to determine winners on close races, member Bill Preston solved that problem with an electronic light system that very accurately detected the winning racer by turning on a light in the winning lane.

Later, with the help of Mike Roylance, we initiated seeding and tracking software to speed up the process of pairing the racers and determining the overall winners using double-elimination concepts.

Building and tuning the racers also keeps members occupied. Both men and women have fun with this stuff, and spectators enjoy it also.

Through SIS and other venues, the activity has now spread to other clubs, with almost a half-dozen tracks now in operation, and other clubs investigating it. Inter-club competition is heating up.

We inaugurated a new track at Puyallup in 2012. This track differs from the original in at least the following:

- **Transport:** The new track has 6 foot or less sections, unlike the 8 foot sections of the old track. This makes possible transport in a short bed pickup, with a canopy or tonneau to protect it.
- **Storage:** The new track has removable rails and supports, allowing a smaller storage footprint.
- **No-tools Assembly/Disassembly:** Supports, rails and track sections go together with dowel pins or screw knobs joining parts. No tools needed except for a level.
- **Constant Slope:** The new track runs a constant grade from start to finish. The old one changed slope twice, causing more issues with the racers “bouncing” and veering off center line and into the rails.
- **Screw Adjustment Leveling:** No shims. You just screw in or out the support legs to level each 5 foot section.
- **Remote operation:** The start pins may be released and reset remotely using electrical switches, so operators do not need to hover around the start gate. We accommodate manual operation if necessary.
- **Smooth Rollout Transition:** The finish gate has been a little traumatic in the past. Racers often dropped firmly from the track to the floor, sometimes with damage. Some “drivers” have also

suffered cuts or bruises while trying to stop or catch their racers to prevent damage. The rollout is also 25 feet long to more gently slow the racers before they hit the end “barrier”.

- **Race Timing:** We save the best for last. This track has a race timer. We modified a pinewood derby timer setup to work with the new track. We can now easily compare racers by their race times as well as by win/loss. The seeding software also works with these times to pair up the next series of racers. The system is accurate to a thousandth of a second (.001 sec.) The crowd at Puyallup enjoyed seeing and comparing the race times on the projector screen.

The Puyallup race was a qualified success for the track, although a bit traumatic. An electromagnetic interference (EMI) from the electric pin release caused conflict with the electronic timer system. Club member Bill Roberts determined what was causing the timer issues, which we resolved for this race by manually dropping the pins.

Bill solved this problem permanently after the race with his skills in this field. We can now use the remote pin system.

We also proved that the light system and timer system work in concert and give consistent results, even when the racers are only 0.001 seconds apart (this actually happened). To see the results of the race, go to <http://www.allprosoftware.net/CMCS>. This site, set up by Mike Roylance, shows the winners and times for the Puyallup races.

**Next Event:** We are setting up for a “racer tune up” and tech session at the 4th of July picnic at Perrigo Park. So get your racers ready for testing and tuning. This is not a race! May be some “friendly” competition though. Racer tech advice will be available.

Bill Cameron operates the manual pin release while Maryn Clegg carefully lines up her racer.

Note the 2-step platform for our pint-sized racers. This slides between the supports to stay handy when needed and out of the way when not.

## Next Generation Automotive Exhibition - Event Report

### And Valve Cover Race Results by Gary Main

The 4th Annual Next Gen Valve Cover Races held in conjunction with the 38th Annual Corvette & High Performance Meet at the Puyallup Fairgrounds on Feb 11th featured lotsa new stuff.

It was the debut of a brand new race track designed and constructed pretty much by Oran Petersen.

*Editor's Note: At one of our two test and setup sessions for the new track held at Gary's home, Mike Royslance offered to help me with completing the track, an offer I accepted. Mike spent three full days at my home helping to get the new track more operational and complete for the Puyallup event. His help was much appreciated!*

Nearly all of the "lessons learned" during the past 10 years of operation of our original track were applied by Oran to the new one.

Among the improvements, races can now be timed down to 0.001 seconds! The new track is much more robust, it goes together quicker, it comes apart quicker and it can be transported and stored in a much smaller space. Win, win, win, and win. And, speaking of wins...

We had some new winners this year along with some repeaters. Since this event is supposed to be for the "Next Generation" (defined by the CHP event organizers as "Kids under 40") we separated the kids from the geezers with each group having a Stock and a Modified class, plus a couple racer design awards.

Thanks to the performance of the CMCS race crew (Oran & Dee Petersen, Bill & Marty Cameron, Butch & Carol Feveryear, Bill Roberts, Jack Goodman & Gary Main) we've been invited back to do the show again next year. In the meantime, photos from this year's event will be on the CMCS website soon. Check 'em out.

This year's "trophies" were miniature mail boxes, exquisitely hand painted by several different professional pin-stripers who were doing demonstrations across the room in Expo Hall. Larry Johnson, Grand Poobah of the entire CHP event, presented the trophies to winners below:

Stock – Under 40:	David Jarman
Modified – Under 40:	Maryn Clegg
Stock – Over 40:	Dee Petersen
Modified – Over 40:	Bob Renner
Most Uneek:	Butch Feveryear

## Wet Weekend 2012

*by Kevin Jewell*

Wet Weekend is a long standing tradition of CMCS. The first event was held in late January, 1965, and at the time was called "Inclement Weather Tour". It wasn't until 4 years later that the term "Wet Weekend V" was used in the club newsletter.

Maybe there should be some thought given to changing the name to "Snow Weekend". Last year we awoke to cold bitter weather and before the weekend was done, some of us plowed thru some serious snow (at least for Corvettes). This year, at most locations, it rained heavily all night, only to turn to snow just before we left home. Some people couldn't even get out of their driveways. Others started with the Corvette, but went home to get a more snow friendly vehicle.

Whatever the vehicle choice, 53 people showed up for the tour with most of us starting at Canyon Park. Our first major stop was in La Conner at Tomco Marine, builders of American Tug pleasure craft.

Many of us spent more than an hour touring their facility and everyone was impressed with the apparent quality of their trawler type boats. After lunch we headed to Anacortes where we then toured the WT Preston, a steam powered, paddle wheel, snag boat that was used in picking up logs and other debris throughout the Northwest waterways for many years. The boat and museum are not normally open this time of year, but two of the museum docents came in to open up for our visit.

We sometimes think of our club as a meet and eat group, and Wet Weekend was no exception. We met Saturday night at the Petite Wine Bar. The staff did an exceptional job in preparing a feast that all enjoyed.

On Sunday we had the normal club board meeting, and counted the ballots for 2012-13 club officers. John & Cynthia Lucke then led us on a short tour of the Anacortes waterfront and we finished with a group lunch at the Swinomish Tribe casino, before everyone departed for home.

## Laps From the Past or “Marque in Time”

*A CMCS history feature by Ben Benninghoff*

**40 LAPS AGO: March '72.** The monthly meeting was held in conjunction with the annual Awards Banquet at the University Village Beef & Brew establishment in Seattle. There were 42 members in attendance. Bruce Kelly gave a review of the past Wet Weekend outing, and, Pete Johnson talked about the recent club movie outing at the Seatac Motor Inn showing of the 747 flight. Pictures taken during this event will be forwarded to Corvette News. There was a successful Progressive Dinner starting at the Richard's, then the Thomas's, and

ending at the Espings. Another Ski Weekend is planned for April. Ernie urged more club participation in NWACC events, the next being in Portland with the Roadster Show and Rally, and, an autocross in May in Vancouver BC, a championship event. Frank O. gave a rundown on the WSCC Convention that will be held in Fresno in May, and, the NCCC Convention in Dallas in July. Frank Diss will order 30 NWACC jacket patches, and will be available from the treasurer for \$2 each. WWSCC held a championship autocross with the proceeds going to Bellevue Medic I. Outgoing President Frank Diss presented awards of appreciation to the outgoing officers, and the chairmen of the committees. The new President, Jeff Weymouth, then introduced the new officers.

**30 LAPS AGO: March '82.** President Ernie Kahler got the monthly meeting started, along with the annual Awards Banquet, held at Parkers Restaurant in Seattle. The treasurer noted the club is only allowed to donate 5% of its assets to a charitable organization this year. After a lengthy discussion it was agreed to donate funds to the Children's Orthopedic Hospital. Membership note that 61 members have already sent in their renewal forms and dues. Lila Moriarty was voted into full membership. Corvette and Co of Renton has divided into two clubs now. The new club is known as R Vettes. Club events centered around a practice session at SIR, a drag meeting at Jeff Schmidt's, and a Carnation Farm self guided tour. Our main sponsor, Lee Johnson Chevrolet of Kirkland, has been unable to locate our club shield, and will have another one made for us. A discussion ensued concerning the club's 20th Anniversary party to coincide with the Christmas Party, and to invite our sponsor, Lee Johnson as our guest. It was also voted and passed to continue the Johnson's honorary membership. Ernie passed out trophies to the outgoing officers then turned over the rest of the meeting to the incoming president, Noreen Millen, who introduced her new officers. Newsletter article "Years Ago ('72)..." notes 10 years ago in "On Your Marque"; Bill Hazelett Chevrolet Co. became our

new sponsor; previous year's statistics: 3 marriages, 6 births, 5 divorces; another article noted how Howard Esping acquired a 1962 for \$800 that needed just a little work, and, that Dee Esping got a 'good deal' on a 1959- the 'only' Corvette that's painted inside the trunk, inside the door jams, the soft top compartment & part of the dash, but, the outside looked like someone goofed! Newsletter "Tax Tips" article: The Wall Street Journal reported that a Hartford, Connecticut man took long rides to relieve depression caused he said, by neighborhood kids harassment, taking a deduction of \$2,500 on his tax return for gasoline burned up during these tension-relieving drives. Another taxpayer deducted \$12,000 for damages to his lifestyle because his driving privileges had been revoked. After a good laugh by the agents, both were denied.

**20 LAPS AGO: March '92.** President John Bell the meeting started at the Annual Awards Banquet held at The Schnitzelbank Restaurant in Bothell. Dee announced that 72 have renewed their memberships so far, and is hopeful that the club will exceed its 104 total of last year. Sandy reminded all that the La Conner Tulip Tour next month will be led by John Bell and details to follow that will be posted in the newsletter. NWACC announced that there are a total of 13 clubs as its members to date. The annual fee of \$50 each a year will climb to \$100 next year. The recent Wet Weekend was reported as a great success and thanks Jan & Jay for planning the outing, as well as securing the restaurant for tonight. John presented his outgoing officers and chairpersons with awards of appreciation for their service to the club over the past year, and introduced the incoming President, Bob Lazeroff, who presented his new officers. Robert's Rules of Order and the President's gavel were presented to the incoming President as well. Bob, acting on behalf of Gary Main, presented the outgoing President with an acknowledgement of his year of outstanding service, a splendid trophy; a suitably inscribed half-wheel.

**10 LAPS AGO: March '02.** Kayla Main's 2001 C5 Millennium Yellow roadster s featured on the newsletter's cover. Kayla purchased the Corvette from sponsor Seaview Chevrolet last July in Lynnwood and put 4,000 pleasure-miles on it in the first six weeks, then the other 400 over the next five months, that included some down time to allow for the roll bar installation by husband Gary. President Jan Cockrum preside over the monthly meeting and the Annual Awards Banquet & Installation of Officers, held at the College Club in Seattle. Thanks to Cece & John Paul Nelson III for the arraignments. There were a total of 58 members attending. New members voted into full membership were Ed & Sharon Bloom, Paul & Pat Luczyk, Kevin Morris, and, Paul Raidna, bringing the total to 209. Max Sutton reported that 7 members showed up to help out with the quarterly highway clean up session. Bob Barnott reported that the Seattle In September II event has 27 cars signed up so far, Dennis Montgomery has drafted the sponsorship letter & levels of sponsorships, and, Jan Cockrum is taking donations of the door prizes. The president recognized the outgoing officers and committee chairpersons were presented with glass steins with etched club logos for their service over the last year. Jan presented Ben Benninghoff with last year's bottle of champagne

from the banquet, which he missed. Wayne Kanaby was presented with a gold hubcap for outstanding participation on the Adopt-A-Highway program. Jan received from VP Fred Waits a Waterford crystal table clock for her service to the club as president then presented the incoming president, Dennis Montgomery, who introduced his new officers, and committee chairpersons. Dennis announced that Ben Benninghoff would chair the Dee Ann Esping Charity Committee. Gary Main announced he has a truck load of value covers to anyone wanting one to build up a racer for future club sponsored Valve Cover racing events. Jan circulated a get well card for all to sign for Sandra Green who is convalescing. Suddenly, seemingly out of nowhere, the lost President's Trophy materialized, where Jan took it to have her name engraved on it as a Past President.

**5 LAPS AGO: March '07.** Al & Jean Dager's 1993 40th Anniversary roadster s featured on the newsletter's cover. President Gary Main began the meeting along with the Annual Awards Banquet held at the College Club in Seattle, arranged by Cece & John Paul Nelson. Al Dager announced membership stands at 318, with no new members at this time. The Adopt-A-Highway cleaning session went well, reported by Dave Woodcook. Charity chairperson Ben Benninghoff reported he has been in contact with the Fort Lewis public relations office, and has 14 military names & overseas addresses of active duty personnel now serving in Iraq that would welcome our clubs contacting them with letters of thanks and gifts of everyday items we take for granted. Both Ben & Jan noted that the US Post Office has Priority Shipping boxes we can use to ship the donated items at a mailing rate of \$8.10 each, regardless of weight. Steve Eriksen reminded all not to discuss or send printed matter of a religious nature in the packages due to the sensitivity of the area where our troops are stationed. NCRS activities will begin next month with a meeting held at Stewart Lowe's, and they are planning an event in September in Leavenworth. Wes Holmes noted the National Corvette Museum is going to celebrate their 15th Anniversary in 2009 and authorizing a Corvette Caravan like the first one from around the states. Gary mentioned that our web site needs pictures of members Corvettes posted to the site. Gary then recognized his board officers by giving them plaques of appreciations. Gary then presented the new president, Kevin Jewell, with the presidential gavel. Kevin then turned the floor over to Bill Cameron, who presented Gary with a gift certificate to Griot's Garage, Gary's & Kayla's Parking Only signs for Gary's work over the past year for the club. With the Main's moving to their new home soon, which has 3 garages with 7-stalls, the gift certificates should come in handy. Kevin then introduced his new officers, and will confirm the committee chairs in the next month. The Past President Trophy was presented to Gary from Rick Milsov.

### *Lifetime Member Establishes Endowment*

Lifetime Member Eugene Nagowski never had any children of his own, but his dedication to programs which benefit children would make you think otherwise.

Since his wife Patricia passed away in 2009, Eugene has set out to honor her memory by being good to others, donating money to St. Jude Children's Research Hospital to help with medical care and expenses, and is now establishing an educational endowment for underprivileged children here at the Museum.

"I'm an out-of-the-box kind of thinker," Eugene said, "so it occurred to me that the Corvette Museum could give a lot of joy to underprivileged kids, too. Kids need fun in their lives and a reason to get excited. What's more exciting than Corvettes?"

Eugene made a donation to establish an endowment and hopes his generosity will inspire other Corvette owners to band together and grow this endowment to help others. "If every Corvette owner would just give a dollar,

there would be enough seed money to where the interest alone could fund all kinds of good work.”
